

RANDALL LAMB

MECHANICAL DESIGNER | ENGINEER – AEC Industry (San Francisco)

Randall Lamb Associates (RLA), a consulting engineering firm in the Architectural, Engineering and Construction industry (AEC) is seeking a Mechanical Designer or Engineer for its San Francisco location. This position will provide design and engineering support for projects in the construction industry that include a variety of market sectors: Public agencies, education, hospitality, commercial, and science & technology. The successful candidate must be a self-starter with the desire and ability to work well in a team environment in our San Francisco office located in the North Financial District.

Requirements:

- Bachelor of Science in Mechanical Engineering
- Professional Registration (PE) or Engineer-in-Training (EIT) preferred
- 3 - 5 years of verifiable experience in building engineering
- AutoCAD experience required
- Revit/BIM experience required
- Excellent communications skills

Randall Lamb Associates is a prominent multi-disciplined, award-winning firm offering integrated services that include mechanical, electrical and plumbing (MEP) engineering, LEED coordination, and sustainable design. With offices in San Diego and San Francisco, Randall Lamb professionals enjoy living and working in an environment with extensive cultural pursuits and year-round activities. We offer competitive salaries, excellent benefits, challenging work, a mentor program and a great working environment.

Submit cover letter and resume to TeamRLA@RandallLamb.com. No phone calls, please.
