

ELECTRICAL ENGINEER – SAN DIEGO

3131 Camino del Rio North, Suite 860, San Diego, CA 92108

Job description

About the Role - Randall Lamb's San Diego office is seeking an experienced Electrical Engineer to provide engineering support for design and construction projects in the Architectural, Engineering and Contractor (AEC) consulting industry. The successful candidate will support projects in the Commercial, Education, Healthcare, Hospitality, Military, and Science and Technology sectors. These positions require self-starters with the ability to work well in a team environment.

About the Company - Randall Lamb Associates is a prominent multi-disciplined, award-winning firm offering integrated services that include mechanical, electrical and plumbing (MEP) engineering, LEED coordination, and sustainable design. With offices in San Diego and San Francisco, Randall Lamb professionals enjoy living and working in an environment with extensive cultural pursuits and year-round activities. We offer competitive salaries, excellent benefits, challenging work, a mentor program and a great working environment.

Required Skills | Qualifications:

- BS in Electrical Engineering
- Registered Professional Engineer License (PE)
- 5 - 10 years' experience in engineering consulting industry
- AutoCAD | REVIT Experience
- Excellent communication skills

Preferred Skills:

- LEED AP desired

Industry

- Design and Construction

Employment Type

Full-time, on-site 3 days; 2 other days on-site or remote
